PROFILE

Full-stack software engineer with 1.8 years of experience in designing, developing, and implementing scalable single-page applications and web development projects. Proficient in Angular TypeScript, MySQL, HTML, CSS, Bootstrap, and Bulma, with a focus on clean code and best practices. Passionate about leveraging technology to solve real-world problems. Successfully completed a Shopify store creation, along with Amazon and other e-commerce platform integrations. Seeking to contribute to cutting-edge projects at a forward-thinking organization.

EDUCATION

2019 - 2023
BE (EEE)-(7.98 CGPA)
Einstein College of Engineering, Tirunelveli District.

CERTIFICATION

- Build your E-commerce store with Shopify

WORK EXPERIENCE

March 2023 - PRESENT
Vcidex Solutions Pvt Ltd, Chennai
Software Engineer

- As a full-stack developer, I contributed to building a scalable single-page application for a Fintech project focused on Supply Chain Finance. and also worked on a CRM application and developed web pages for travel and food websites.

- In frontend development, I designed and implemented user interfaces using Angular (TypeScript) to create a smooth, interactive experience. By leveraging HTML, CSS, Bootstrap, and Bulma, I ensured the application was responsive and visually appealing across devices. I focused on building reusable components and following clean code practices, which enhanced the maintainability of the project.

- In backend development, I worked in MySQL for database management, creating efficient queries and stored procedures to manage customer data, product information, and order processing. Additionally, I contributed to building RESTful APIs to ensure smooth communication between the frontend and backend systems.

TOOLS

- Visual Studio
- Visual Studio Code
- Mysql
- Shopify
- Adobe Illustrator
- Adobe Premier Pro
- Figma
